EMBROIDERED STARS

Bright white, densely embroidered stars are standard on all sizes up through 12' x 18'.

APPLIQUÉD STARS

All flags 15' x 25' and larger have appliquéd, opaque, nylon, white stars with zigzag stitching.

FLY HEM

The fly hem is reinforced by four rows of double-needle stitching with tough back-stitch reinforcement.

BRASS GROMMETS

Strong durable, solid brass grommets are used in all flag sizes smaller than 8' x 12'.

METAL THIMBLES

Flags 8' x 12' and larger are finished with superior strength nylon rope sewn into the header with galvanized thimbles and center grommets.

100% SUPREME NYLON

(Embroidered Stars and Sewn Stripes)

Specifically manufactured for outdoor use, these nylon flags offer supreme durability and longevity. Time tested, they stand up to bright sunlight and intense ultraviolet radiation.

Each flag is constructed with two rows of stitching, and the sturdy fly hem is reinforced by four rows of double needle stitching with back-stitch reinforcements.

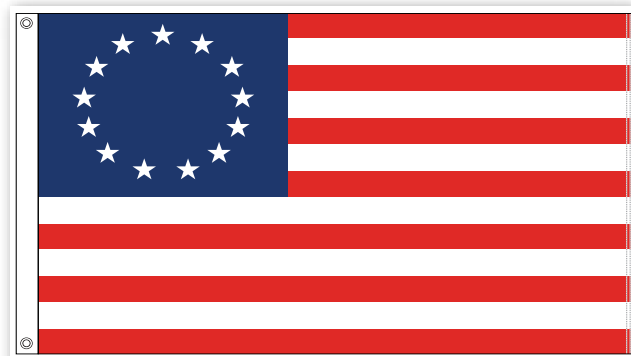

Our densely embroidered larger stars significantly exceed the size standards of other similar flags in the commercial market. Added with our heavyweight canvas heading and #2 brass grommets or galvanized metal thimbles our flags meet all government requirements and more.

HEAVYWEIGHT 2-PLY POLY

(Embroidered Stars and Sewn Stripes)

Constructed with durable 2-ply, spun woven polyester fabric, these luxurious flags have been designed specifically for the needs of the most discriminating customer.

Polyester delivers brighter, fade resistant colors and an open weave that reduces wind resistance and improves flying ability, even under the most extreme wind conditions.

Larger flags are flown daily over commercial, industrial and institutional locations, especially in areas where high winds are common.

BAR TACKING & REINFORCED FLY HEM

Yellow represents the reinforced flyhem and green represents the bar tacking.

GOVERNMENT SPECIFIED (G-SPEC)

(Embroidered Stars and Sewn Stripes)

Our government specified American flags are made to the official specifications of N.S. Code, Title 4 as required by the U.S. Government (1:1.9 hoist fly ratio).

“Allied is the single largest supplier of embroidered American flags to the United States Government.”

Nylon flags are constructed out of a heavyweight, 200 denier nylon and finished with a durable canvas header. All fly hems are reinforced by four rows of double-needle stitching. Our flags are then finished with a #2 solid brass two rolled-rim grommet or rope, snap hooks and rings.

Cotton flags are produced from high-end, 2-ply mercerized bunting. Each flag has a heavy canvas duck heading with #2 two rolled-rim solid brass grommets.
